Mercy
Java Full Stack Developer

Chennai | mercyyesudas432@gmail.com | +91 93442 61693 | GitHub: mersee-afk | LinkedIn

Profile Summary

Motivated and detail-oriented **Java Full Stack Developer** with a strong foundation in **Core Java, OOP, SQL, and Web Technologies (HTML, CSS, JavaScript)**. Skilled in developing frontend and backend web applications using **Spring Boot, REST APIs, and MySQL**. Proficient in data modeling and integrating full-stack solutions, ensuring seamless communication between client-side and server-side components. Analytical and disciplined, eager to contribute to innovative projects across all stages of the **Software Development Life Cycle (SDLC)** and collaborate effectively in Agile environments.

Technical Skills

- **Languages & Core:** Java (OOP, Collections, Exception Handling, Multithreading), SQL
- **Frontend Development:** HTML5, CSS3, JavaScript (ES6), Angular, React
- **Backend Development:** Spring Boot (Basics), REST APIs, Servlets, JDBC
- **Database:** MySQL (CRUD Operations, Joins, Database Query, Schema Design, Query Optimization)
- **Frameworks & Architecture:** MVC Architecture, Microservices, RESTful Architecture, SDLC
- **Version Control:** Git, GitHub
- **Tools/IDEs:** Eclipse, IntelliJ IDEA, VS Code, Postman, Testing Tool
- **Concepts:** Agile Methodology, Debugging, API Testing, CI/CD Basics, Software Documentation

Projects

Student Management System *(Java, JDBC, MySQL, OOP)* GitHub

- Developed a backend system to manage student records using Java and JDBC with MySQL database integration.
- Designed normalized database schemas and implemented CRUD operations for performance optimization.

Online Quiz Management System *(Java, File Handling, OOP)* GitHub

- Created a console-based quiz system that manages questions dynamically and generates reports.
- Focused on efficient logic building, low latency, and structured OOP-based code.

ATM Simulation System *(Java, File Handling)* GitHub

- Designed an ATM system supporting withdrawal, deposit, and balance inquiry features.
- Applied real-world problem-solving and exception handling principles.

Portfolio Website *(HTML, CSS, JavaScript)* GitHub | Live Demo

- Built a responsive portfolio website showcasing full-stack and Java-based projects.
- Focused on UI/UX design, performance, and accessibility improvements.

Certifications

- **Java Full Stack Development** – Besant Technologies
- **SQL and Database Management** – Besant Technologies
- **Web Development (HTML, CSS, JavaScript)** – Besant Technologies
- **Digital Analytics & Marketing** – Getin Technologies

Education

MBA, Corporate Management (Ongoing)	Expected 2027
B.A. English, Alagappa University	2022 – 2025
HSC, U.P. Matric Hr.Sec.School	70%
SSLC, John Bosco Matric Hr.Sec.School	74%

Languages

Hindi (Proficient) | English (Proficient) | Tamil (Native)
